Dear Parent/Carer

Re: Proposed Change to TAG End of Day

I have grown increasingly concerned regarding the volume of young people who are on Westward Ho at 3:15pm. The finish times of both TAG and Ormiston Maritime Academy co-incide which has resulted in significant numbers of young people who are travelling along this road or trying to cross this road.

The increase in traffic and the volume of cars I believe poses potential for a serious accident; some of the actions which at times are quite reckless of those on bikes pose a significant risk to anybody driving and cyclists are regularly putting themselves in danger.

Equally, there is the possibility of conflict occurring between the two sets of pupils and consequently I want to mitigate and reduce the risk of any trouble or a serious incident occurring.

It is therefore proposed that from Monday-Thursday TAG will finish at 3:30pm. Learners on pathway who are off site will continue to finish at 3:15 to ensure those on college transport are back in time. Friday would remain unchanged as half of the TAG students will have been based at the main site and the congestion will be reduced.

Please note we will be moving to a new app that communicates homework, this is called 'Show My Homework' and more details will follow.

If you wish to comment regarding the proposed changes, please email academy@grimsby.ac.uk

Yours faithfully

Mr D Vickers
Academy Principal
